

EB 30/1 Advanced Li-Ion

Kärcher has launched the first battery-powered electric broom for commercial users, the EB 30/1 Professional Li-Ion. The professional version includes a quick battery charger instead of the standard battery charger which reduces the charging time from 3 hours to 90 minutes. With its roller brush and dirt container, this newly developed model is broom and dustpan in one. It can be used to pick up dirt from hard floors and carpets quickly, quietly (56 dB/A) and reliably during business hours.

- Battery 7.2 V / 1.3 Ah
-
- Quick charger
- BC 1/1.8
- Roller brush
- standard
