

SDP 9500

Help is needed quickly when there has been a spill in the laundry room or the basement has been flooded by a storm, or when it is time to spring-clean swimming pools or ponds. These situations are the domain of Kärcher's powerful, submersible draining pumps which transfer the water to another location in no time at all.

- Comfortable carry handle
- Optimized union
- Deaeration at the touch of a button
- Simple definition of switching level .

Order number: 1.645-116.0

Max. motor rating (W)	450
Max. flow rate (l/h)	< 9500
Delivery head/pressure, max. (m/bar)	6/0.6
Max. depth of immersion (m)	9
Max. grain size (mm)	20
Delivery temperature, max. (°C)	35
Weight without accessories (kg)	4.3
Measures (L x W x H) (mm)	200x210x315
Connecting thread	G1
Power cord (m)	H05RN-F, 10m/11

Adapters / connectors

Pump adapter including check valve, small

Pump adapter with check valve for vacuum-resistant connection of suction hoses to pumps (e.g. garden pumps and high-pressure pumps for domestic use).

Order number 6.997-359.0

Filter

Prefilter for submersible pumps, small

Removable stainless steel prefilter protects the pump impeller against blockage and ensures reliable operation.

Order number 6.997-351.0

Miscellaneous

Flat hose set

Flexible flat hose with hose clamp for general use. Ideal for use in flooded areas.

Order number 6.997-419.0

Suction hoses

Suction hose available in bulk

Vacuum-resistant spiral hose can be cut to length for connection to submersible, garden, submersible pressure pumps and high-pressure pumps.

Order number 6.997-346.0

Suction hose available in bulk

Vacuum-resistant spiral hose can be cut to length for connection to submersible, garden, submersible pressure pumps and high-pressure pumps.

Order number 6.997-347.0
